Automatic Blanket Cleaner Dry Cloth Rolls

We can fit every cloth type automatic blanket wash system, cylinder cleaner, chill roll cleaner and plate cleaner in your plant.

- Made from Sontara®, the original, first-quality material for blanket cleaning, the only material specified by the original equipment manufacturers.
- Made and stocked in the USA. No more overseas turnaround.
- Precision-made for exact fit and optimal cleaning performance.
- Extra-long (XL) rolls available for reduced labor and downtime.

Recommended Siebert solvents to pair with your cloth rolls: BL-7M, BL-142-30M, BL-142-65M, TM-147, TM-190. Send us a SDS sheet and we will recommend a solvent for your particular usage.

Want to lower V.O.Cs and cut wash cycle times? Ask us about converting from dry cloth to presoaked.

We offer automatic blanket cleaning cloth rolls for the following sheet-fed and web-offset presses: Akiyama, Elettra, Harris, Heidelberg, KBA Planeta, Komori, Man Roland, Mitsubishi, Polly, Ryobi, Shinohara, Toshiba and many others.
