EW-33 FAST-DRY ECONOMY WASH

EW-33 is budget-priced and fast drying with a variety of pressroom applications. It quickly removes ink from rollers and blankets with very low odor. EW-33 is well suited for smaller presses where fast drying, short run, and low odor characteristics are imperative. It is mild enough to be used every day without damaging rollers and blankets.

Physical Properties

- *Boiling Point:*
240 -285°F
- *Vapor Pressure @ 68°F:*
< 15 mmHg
- *% Volatile by volume:*
100
- *Volatile Organic Compound:*
6.25 lb/gallon
- *Flash Point (TCC):*
50°F
