RB-S120 Premium Roller and Blanket Wash

RB-S120 Roller and Blanket Wash is a medium drying premium press wash with triple-action cleaning power that removes ink, dissolves glaze, conditions and revitalizes rollers and blankets. Adding 20% to 30% water, RB-S120 makes a great water/solvent wash to remove gum, salt and paper fiber as well as deep down ink deposits. RB-S120 contains greater than 50% aromatic solvents.

RB-S120 is also compatible with some automatic blanket washing devices. (Preferably those with viton rubber gaskets and seals.) Designed for use with conventional and heat-set printing inks.

Physical Properties

- Boiling Point @ 760mm Hg,(initial):
>315°F
- Vapor Pressure @ 80°F:
3 mmHg
- % Volatile by Volume:
<98%
- Volatile Organic Compound:
<= 6.59 lb/gallon
- Flash Point (TCC):
>105°F
- Water Solubility:
Miscible

HMIS Information

- Health 2
- Flammability 2
- Reactivity 0
