TeXtra Hand Wipes

TeXtra multi-purpose, soft, absorbent industrial-strength wipes.

TeXtra wipes are produced using proven textured non-woven technology.

TeXtra is a multi-purpose, low-lint wipe for use throughout the pressroom.

- Ideal for use on blankets, rollers, ink trays, ink knives, on the press, coating units, stitchers, cutters and perfect for general maintenance.

TeXtra wipes are a superior, more durable disposable alternative to costly laundered shop towels, which are under regulatory scrutiny.

TeXtra provides a fresh, clean, debris-free economical wipe for most every task, every time, every day.

- We also carry presoaked wipes for press cleaning by hand. Available in Conventional, UV, and MRC applications.

Currently TeXtra wipes are packaged in two convenient configurations.

NW-3131

200 (4 x 50) 13" x 13" wipes per case
